Rolling up a still, blowing up a still  
Going hard I'm on my job like I ain't sitting on a mill  
Now for lame and young come with every mill  
I swear to god that I'm so high feel like I'm going up a hill  
Car... pay 250 000 for a...  
I'm talking vacation out in...  
I made 11 million nigga without endorsements  
Took the niggas out I was out on the porch with  
To saint tropes to race them in audis and porsches  
Billies and... plenty of smoke  
Thousands for weed, vendi's for clothes  
I remember I couldn't get shit back then when I was broke  
Now that I'm rich, everything's for the love  
So I could give a fuck bout what they saying  
Cause they wasn't with me way back in the day  
When a nigga was just  
Macking, macking, hey,...  
Rowland, rowland, rowland,  
Kicking that paper, paper  
Macking, macking, hey,...  
Rowland, rowland, rowland,  
Kicking that paper, paper  
We learn the life shit, the... never ending

Kush god, bob marley on my pendant  
You know that low was the life that I'm living  
Ralph lauren always super nigga spending  
Word, I can't lie, it's the truth, a stack for these joints  
5 hundred to... double lr, I don't do...  
That ain't for me,  
Getting money killing shows in the home of the...  
These rap niggas living a land to make believe  
... crooked ass niggas ain't cool enough to fool with us  
Nah, pool tables get played the back  
Haters play the side door, jazz life, tell the gang  
What you ride for  
We keeping the ends, competition is slim  
In case you looking for them niggas  
Have no fear, we are them

Corner the market, get money, rolling stone

Young khalifa... right

Macking, macking, hey,...

Rowland, rowland, rowland,

Kicking that paper, paper

Macking, macking, hey,...

Rowland, rowland, rowland,

Kicking that paper, paper.
