Advisory - the following lyrics contain explicit language:

This is for the soldiers  
That see the sun at midnight  
You dig, let me slow down  
It's so incredible I go to the grave before I be a bitch, nigga  
Better behave, you're dealin' with some rich niggas  
We the lost symbols speak in cryptic codes  
Ancient wisdom valuable like gifts of gold I embark on life, my path is all math  
I understand the codes these hackers can't crack  
I understand that folks expect me to fold  
Community control to violate parole I won't fail but a lot of men will  
I'm iconic in the field like Solomon's seal  
Uh, it's just an intro  
Allow my flow time to sink into the temple Free mason, freelancer, free agents, we faster  
Big contracts, big contractors, built pyramids, period we masters  
No caterpillars, it was just a lot of niggas  
A lot of great thinkers and a lot of great inventors All white mansion, I'm the child of God  
All black diamonds, times were hard  
New Rolls Royce, guess, you made it, nigga  
All white neighborhoods, you they favorite nigga My top back like J.F.K.  
They wanna push my top back like J.F.K.  
So, so I J.F.K.  
Join forces with the kings and we ate all day  
Right now I could rewrite history  
I stopped writin' so fuck it, I'll do it mentally I go to the grave before I be a bitch, nigga  
Better behave, you're dealin' with some rich niggas  
Started in the ghetto, now we worldwide  
Multiplyin' and I pray to God we never die I go to the grave before I be a bitch nigga  
Better behave, you're dealin' with some rich niggas  
Started in the ghetto, now we worldwide  
Multiplyin' and I pray to God, we never die Niggas couldn't do nothin' with me  
They put the devil on me  
I would have preferred if niggas

Would squeeze the metal on meRumors of Lucifer, I don't know who to trust  
Whole world want my demise  
Turn my music up, here me clearly  
If y'all niggas fear me just say y'all fear meFuck all these fairy tales  
Go to hell, this is God engineerin'  
This is a Hail Mary pass, y'all interferin'  
He without sin shall cast the first stoneSo y'all check in the mirror, double check your appearance  
Bitch I said I was amazin', not that I'm a mason  
It's amazin' that I made it through the maze that I was in  
Lord forgive me, I never would've made it without sinHoly water, my face in the basin  
Diamonds in my rosary shows he forgave him  
Bitch, I'm red hot, I'm on my third six but the devil I'm not  
My Jesus piece flooded but thou shall not covet  
Keep your eyes off my cupboard  
I'm a bad motherfucker, it's Hov just say you love itI go to the grave before I be a bitch, nigga  
Better behave, you're dealin' with some rich niggas  
Started in the ghetto, now we worldwide  
Multiplyin' and I pray to God we never dieI go to the grave before I be a bitch, nigga  
Better behave, you're dealin' with some rich niggas  
Started in the ghetto, now we worldwide  
Multiplyin' and I pray to God we never dieIf I ever die, never let it be said I didn't win  
Never, never say  
Never say legend didn't go in  
I'ma go inI just wanna die on top of the world  
Makin' love to my favorite girl  
I'm makin' beautiful music, we makin' a movie  
We knew we was born to do itI go to the grave before I be a bitch, nigga  
Better behave, you're dealin' with some rich niggas  
Started in the ghetto, now we worldwide  
Multiplyin' and I pray to God, we never dieI go to the grave before I be a bitch, nigga  
Better behave, you're dealin' with some rich niggas  
Started in the ghetto, now we worldwide  
Multiplyin' and I pray to God, we never die
