You're Better

Glass Towers

I cannot safely say I have loved you girl
But I am certain that I won't stray
And you are not safe to say that all that you hold to your heart won't be led astrayAnd I cannot fake love
'Cause you're better,
I cannot fake love
'Cause you're better,
I cannot fake love
'Cause you're better,
I cannot fake love
'Cause you're better than IAll of those times you thought you'd found him
The key to your heart more alone each time
I think that it's safe to say you have to hold off for a while
Wow how about thatAnd I cannot fake love
'Cause you're better,
I cannot fake love
'Cause you're better,
I cannot fake love
'Cause you're better,
I cannot fake loveA lonely fall
To your bedtime
A lonely fall
To you'd better have guessed
A lonely fall
To your bedtime
A lonely fall
To you'd better have guessed
A lonely fall
To your bedtime
A lonely fall
To you'd better have guessed
And A lonely fall
To your bedtime
A lonely fall
To you're betterTo keep you here I
Keep you the longest time
To make you my design
Running away with timeAnd I cannot fake love
'Cause you're better,
I cannot fake love

'Cause you're better,
I cannot fake love
'Cause you're better,
I cannot fake loveA lonely fall
To your bedtime
A lonely fall
To you'd better have guessed
A lonely fall
To your bedtime
A lonely fall
To you'd better have guessed
A lonely fall
To your bedtime
A lonely fall
To you'd better have guessed
And A lonely fall
To your bedtime
A lonely fall
To you're better
