Turn It Up

Karmakanic

Sometimes we're high
We're on the rise
I see it climb
It's like I'm flying, yeah
It doesn't make sense
Why you're hand to mouthAnd then we're down
A falling out
A market crash
A freak attack, yeah
We didn't see it coming
Won't pay it back
Winners
Traders
We'll fix it in our favorTurn it up
Turn it up
They've given me the right
To pull the strings and make you think it's fineTurn it up, turn it down,
Call it a crisis
In the red, in the black
Widening the divide
It's a matter of timeTurn it up, turn it down
Make it look random
Buying in, selling out
I shouldn't tell you more
How we've done it before
The greater need
The greater greed
Oh, nothing's free
How could it be
It's gonna take some time
And sacrificeWhen money talks
Compassion walks
We're in the shade
Where deals are made
Someone's gonna play
This dirty gameTurn it up, turn it up and turn it downA bull a bear oh we don't care
Cause either way we're millionaires
It's gonna take some time
And sacrifice
