American Psycho

Calibretto 13

you see me with your eyes
I wear a good disguise
but somehow you still think you know me
my life is empty now
my heart is blackened out
but I gotta fit in
I also gotta be honest with myself before I kill somebody else
the world has done a number on me
compassion is devoid
I'm always so annoyed
my selfishness, it now concedes mebut that's ok 'cause no one seems to recognize me anyway
I'm mistaken for someone else constantly througout my day
I won't get caught 'cause no one knows, that I'm an american psychoI know what brand you wear
I know what kind of pair of pants and shoes and shirts you have on
I dine expensively, with a hard body next to me
but she likely won't see your next thoughtbut that's ok 'cause no one seems to recognize me anyway
I'm mistaken for someone else constantly througout my day
I won't get caught 'cause no one knows, that I'm an american psycho
that I'm an american psychoit's so sad, we only seem to care
about our face and hair
and what makes us look good
your business card is better
you have a bigger room
that could lead to your doom
and I really think it shoulddid you make it to the top of the world just to die?I own all the name brands
I have a nicer tan
I excersize and work out daily
I rent some videos
watch the patty winter show
my mind it thinks irrationallybut that's ok 'cause no one seems to recognize me anyway
I'm mistaken for someone else constantly througout my day
I won't get caught 'cause no one cares, that I'm an american psycho
that I'm an american psycho, that I'm an american psychoit's so sad, we only seem to care
about our face and hair
and what makes us look good
your business card is better
you have a bigger room
that could lead to your doom
and I really think it shouldit's so sad, we only seem to care

about our face and hair
and what makes us look good
your business card is better
you have a bigger room
that could lead to your doom
and I really think it shoulddid you make it to the top of the world just to die?
oh, did you make it to the top of the world just to die?
you're gonna die !!
