## The Partisans

Theres Politians in the U.S.A. theres politicians in Russia  
The only thing they got in common, and thats the need for power  
    But we don't care what happens on the final day  
    And we don't care if there is no future  
    All we wanna do is join the likes of you  
    And form the Partisans to gain some real power  
You shouldn't work for their rules or rules enjoy the dole its more fun  
    Just cause some problems and enjoy yourselves  
    That way you'll never need no guns  
We are the Partisans were fighting for our rights fighting for our freedom  
We are The Partisans oppose all wars we are the Partisans so join our cause  
    You are just the kids and your off the streets  
    You are all the same so face the facts  
    Just cause some problems and enjoy yourself  
    Until you make an attack.
