

# El Diablo En El Ojo

## Tindersticks

I wouldn't shut your eyes just yet  
I wouldn't turn the lights down yet  
'Cause there's things you've gotta see here  
There's things you've gotta believe of me I wouldn't turn the sound down yet  
Don't even touch the dials, not yet  
'Cause there's things you've gotta hear here  
There's things you've gotta believe of me I wouldn't say a word just yet  
Don't even open your mouth, not yet  
'Cause there's things I've gotta say here  
There's things you wanna hear from me
