Tales

Wolfmother

Oh my friend, don't get caught in yesterday All the things, we've heard have left and made their way Lower your guns even if love has turned to spite We may find the enemy waiting inside Light the candle to see what may unfoldIf you listen to the sound within your mind You may find the answer flowing in the tideSay goodbye to your sorrow And hello to tomorrow Well, I hear the fiddler's call Say that love is here for allSo I wrote her a letter And I tried to forget her Well, I don't know if I'll go Can you hear the river flow?Say goodbye to your sorrow And hello to tomorrow Well, I hear the fiddler's call Say that love is here for allLower your guns even if love has turned to spite We may find the enemy waiting inside Light the candle to see what may unfoldOh my friend, I hope you're done with yesterday All the things, we've heard have left and made their waySay goodbye to your sorrow And hello to tomorrow Well, I hear the fiddler's call Say that love is here for allSo I wrote her a letter And I tried to forget her Well, I don't know if I'll go Can you hear the river flow?Say goodbye to your sorrow And hello to tomorrow Well, I hear the fiddler's call Say that love is here for allSay that love is here for all Say that love is here for all Say that love is here for all Say that love is here for allLower your guns even if love turned to spite We may find the enemy waiting inside Light the candle to see what you may deal
