Talk To Me

Wild Orchid

Talk to me
Talk to me
Talk to me tonight about love
Hey, now just what are we feeling
Is this more than attraction that we both are dealing with?
And is it in the cards that we stay together?
I recognize the odds against it lasting forever
There's a message that you're sending
I can see it in your eyes
But I don't know what you're thinking
I can't read your heart or mind
Come with me we'll make tonight a fantasy
If you say the word, I'll take you on a journey
Talk to me, tell me what's on your mind
Talk to me, what are you feeling inside
Talk to me, what are you thinking of
Talk to me, tonight about love
Come and talk to me, my baby
Come and talk to me
Ooh, hold me right up against you
'Cause when you groove up close to me, I'm feeling your rhythm
Just whisper in my ear, what's going on inside you
I just wanna hear if you're feeling like I do
Open up your heart, there's nothing I want more
Show me the light and tell me what you came here for
Don't keep it to yourself, just improvise
Lose yourself, let out what you're feeling inside
Talk to me, tell me what's on your mind
Talk to me, what are you feeling inside

Talk to me, what are you thinking of
Talk to me, tonight about love
Come and talk to me, my baby
Come and talk to me
Come and talk to me, my baby
Come and talk to me
There's a message that you're sending
I can see it in your eyes
But I don't know what you're thinking

I can't read your heart or mind
If you wanna make tonight a fantasy
Just say the word I'll take you on a journey
Talk to me, tell me what's on your mind
Talk to me, what are you feeling inside
Talk to me, what are you thinking of
Talk to me, tonight about love
Talk to me, tell me that you want this
Talk to me, baby just move your lips
Talk to me, what are you thinking of
Talk to me, tonight about love
Come and talk to me, my baby
Come and talk to me
Come and talk to me, my baby
Come and talk to me
Talk to me
Talk to me
Talk to me
