

Don't Throw Me Away

Marty Robbins

Don't be foolish
Don't don't throw me away
Keep me around just for keeps
Dear, you might need a laugh some day Oh, love is unpredictable
At least I've heard people say
Keep me around just for keeps
Dear, you might need a laugh some day I've learned how to smile and pretend
When my heart wants me to cry
You may have to learn how to hide tears that burn
And who could teach better than I Oh, don't be foolish, don't be foolish
