

Blood Fades To Black

Wednesday 13

Forever pieces
Forever death
No longer life
No longer flesh
Forever gone
No looking back
Blood fades to black
Lets start clean
And shine a light
Into the darkness

It's hard to find
Forever gone
No looking back
Blood fades to black
In this moment
Things can be mean
So bitter sweet
I'm on the "T"
Forever gone
No looking back
Blood fades to black
