Rocket To Uranus (Riptide RMX)

Vengaboys & Perez Hilton

Eenie Meenie Miney Moe, this rocket ship has got to go!There is a house, in the heart of Kingston Town
A place that you've never seen
The secret house, in the heart of Kingston Town
Where we've been building our dreamGet up now, it's time to go
Blast off, your standing alone
It's there, I swear ... 5 4 3 2 1I'm on a rocket to Uranus
And the rocket's gonna take us
To the planet that'll save us
Oh woah woah woah
Fly! On a mission to a higher low
The invitation you've been dreamin' of
Let's have a party on Uranus!
There is a place
3 Billion clicks away
Where you find freedom to all
It's new, it's cool and the light can last all day
Counting down, final callIf you haven't got a thing to wear
It doesn't really matter up there
Come on, we're gone!I'm on a rocket to Uranus
And the rocket's gonna take us
To the planet that'll save us
Oh woah woah woah
Fly! On a mission to a higher low
The invitation you've been dreamin' of
Let's have a party on Uranus!Party time!
Look!
I can see it ...
We're almost there
Uranus is so pretty!
It feels like homeOh woah woah woah
Fly! On a mission to a higher low
The invitation you've been dreamin' of
Let's have a party on Uranus!
Let's have a party on Uranus!
Let's have a party on Uranus!That was a fast journey!
