

# Live Like Horses (With Luciano Pavarotti)

## Elton John

I can't control this flesh and blood  
That's wrapped around my bones  
It moves beneath me like a river  
    Into the great unknown  
I stepped onto the moving stairs  
    Before I could tie my shoes  
Pried a harp out of the fingers of a renegade  
Who lived and died the bluesAnd his promise made was never clear  
    It just carve itself in me  
All I saw was frost inside my hand  
On the night he said to meSomeday  
    We'll live like horses  
    Free rein  
    From you old iron fences  
    There's more ways than one  
    To regain your senses  
    Break out the stalls  
And we'll live like horsesWe're the victims of the heartbreak  
    That kept us short of breath  
Trapped above these bloodless streets  
    Without a safety net  
    I stood in line to join the tribe  
    One more customer of fate  
Claimed a spoke in the wheel of the wagon train  
    On the road to the golden gate  
On the flat dry dessert I jumped ship  
    It just made sense to me  
I've spent too long in the belly of the beast  
    And now I shall be free
