Road Flares

Reed KD

You wouldnâ€™t be the first
to hurt me
So itâ€™s promising
that you love me and you need me
And maybe this time iâ€™ll get lucky
And youâ€™ll really mean
all the things that you say
to me
And then Iâ€™ll learn the steps to the dance that you do
And then youâ€™ll hum along to my favorite tune
Letâ€™s build a wall between
All of the Kerosene
So we can juggle road flares in the yard
Iâ€™ll stop if youâ€™ll stop too
Weâ€™ll watch the ashes bloom
Until the things weâ€™ll whisper in the dark
And then Iâ€™ll learn the steps to the dance that you do
And then youâ€™ll hum along to my favorite tune
Untie the jars of strings
Full of the fantasies
Of who you are and who Iâ€™m supposed to be
Cuz Iâ€™ll open up at night
And weâ€™ll watch the fireflies
Evaporate like stars in the Sunrise
And then Iâ€™ll learn the steps to the dance that you do
And then youâ€™ll hum along to my favorite tune
