

Walking My Cat Named Dog

They Might Be Giants

Walkin' all around the town
Singin' all the people down
Talkin' around
Talkin' around...Me and my cat named Dog
We're walking high against the fog
Singing the song
Singing the song...Happy, sad, and crazy wonder
Choking up my mind
with perpetual dreaming
Drifting up and down the street
(Drifting up and down the street)
Searching for the sound of people
(Searching for the sound of people)
Swingin' their feet
Swinging their feet...Dog is a good ol' cat
(Dog is a good ol' cat)
People, whatcha think of that?
(People what d'you think of that?)
That's where I'm at
That's where I'm atHappy, sad, and crazy wonder
Choking up my mind
with perpetual dreamingOooh Oooh
Oooh Oooh
Dog is a good ol' cat
(Dog is a good ol' cat)
People, whatcha think of that?
(People what d'you think of that?)
That's where I'm at
That's where I'm at...
