

It's Not a Fashion Statement, It's a Deathwish

My Chemical Romance

For what you did to me
And what I'll do to you
You get, what everyone else gets
You get a lifetimeLet's go
Do you remember that day when we met
You told me this gets harder, well, it did
Been holding on forever
Promise me that when I'm gone
You'll kill my enemiesThe damage you've inflicted temporary wounds
I'm coming back from the dead
And I'll take you home with me
I'm taking back the life you stoleWe never got that far
This helps me to think all through the night
Bright lights that, won't kill me now or tell me how
Just you and I, your starless eyes remainHip hip hooray for me, you talk to me
But would you kill me in my sleep
Lay still like the dead
From the razor to the rosary
We could lose ourselves
And paint these walls in pitchfork redI will avenge my ghost with every breath I take
I'm coming back from the dead
And I'll take you home with me
I'm taking back the life you stoleThis hole that you put me in
Wasn't deep enough
And I'm climbing out right now
You're running out of places to hide from meWhen you go
Just know that I will remember you
If living was the hardest part
We'll then one day be togetherAnd in the end we'll fall apart
Just as the leaves changing colors
And then I will be with you
I will be there one last time nowWhen you go
Just know that I will remember you
I lost my fear of falling
I will be with you, I will be with you
