Hero (Instrumental Performance Track)

Abandon

He walked the dirty streets. Famous for nothing
He said ?come follow me? and they came
A face like all the rest
But something was different
The Son of God would lead the way
And soon they all would sayThere He goes - a hero. A savior to the world
Here He stands with scars in His hands
With love He gave His life so we could be free
The Savior of the worldHe spoke with clarity. Walked across the sea
A single word would calm the storm
His touch could heal the sick, but He was called a hypocrite
Laid behind the stone. His death was shortly mourned, he left the curtain tornThere He goes - a hero. A savior to the world
Here He stands with scars in His hands
With love he gave His life so we could be free
The Savior of the worldHe choose to take the cross. Shed tears for the lost, the broken, and the needy
Forgiving those who were and will be
The angel made it clear. He told them have no fear
He?s not here. He?s not here!There He goes - The Hero. The Savior to the world
Here He stands with scars in His hands
With love He gave his life so we could be free
The Savior of the world. The Savior of the world, the Savior of the world
