Casey

Cedron

Driving in your car with the windows down
And the beat up stereo
Struggle with this town
'Cuz you love to hate it but hate it to let it go
And we're all alone
And so tired of being underrated
So don't take me home
'Cuz I feel alive when you come and save me
A yellow car
Speeding down the Southside freeway
We will rewrite this movie
Make it end like we want it to
And Casey when you go, can you come and find me?
Wanna be beside you, when you leave this town
I've been waving goodbye, pretending not to cry, I wanna be someone
If you take me away all the pain will change into a memory
Of when we were amazing
1989, summer had hit but it was not moving
What is it with this town?
Every time we win, it just feels like losing
We were never gonna fit in
I was a mixed up kid and you were my sanity
In a yellow car
We don't even have to go far
'Cuz that song you're playing
Sounds like peace on the radio
And Casey when you go, can you come and find me?
Wanna be beside you, when you leave this town
I've been waving goodbye, pretending not to cry, I wanna be someone

If you take me away all the pain will change into a memory
Of when we were amazing, when we were amazing
I know things will change, Casey stay the same
Take me away
Oh, we don't have to go far
Yeah, we don't have to go far, I know
Oh, Casey when you go, can you come and find me?
Wanna be beside you, when you leave this town
I've been waving goodbye, pretending not to cry, I wanna be someone

If you take me away all the pain will change into a memory
Of when we were, when we were
Casey when you go, can you come and find me?
Wanna be beside you, when you leave this town
I've been waving goodbye, pretending not to cry, I wanna be someone
If you take me away all the pain will change into a memory
Of when we were amazing, when we were
Driving in your car with the windows down
And the beat up stereo, oh
I wanna, I'm gonna, I wanna be someone
I wanna, I'm gonna, I wanna be someone
I will run to you, I will come to you
I will run to you, I will come to you
So come on and get me, so come on and rescue me, oh
I will run to you, I will come to you
I will run to you, I will come to you
Coming through the sky like a satellite
Like a radio wave, a meteorite
