Twinaleblood

Pyogenesis

(music: Flo Schwarz lyrics: Flo Schwarz / Tim Eiermann)
Yeah you are my twinaleblood
your life is my infinity, your shape was made by XTC
yeah you are my twinaleblood
wherever you will dream of me, just hold on to realxtc, XTC, XTC
entering the levels high
at my very first try
crying all my hopeless tears
I've been crying through the years
- all the people on this world are truely one
Yeah you are my twinaleblood
your life is my infinity, your shape was made by XTC
yeah you are my twinaleblood
wherever you will dream of me, just hold on to realxtc, XTC, XTC
created by a brand new style
valentine please wait a while
confusion of a senseless game
what a stupid unknown name
what a pain, what a sign
can you read between the lines
can you feel those waving words
and consume everything that hurts
