Fast

Jaden Smith

[Verse]
Yup!
Why you driving so fast? Why you driving so fast?
Girl where you gotta go? Girl where you gotta go?
Baby you should try drive slow, you should try drive slow
Cause you're going 45 on the 15
I'm just tryna stay alive on the big screen
When you comin' up to drive all the kids scream
I don't know baby girl you're movin' onto better things
Usually you don't be using me
I'm dead you cry at my eulogy
Magic like Houdini
Baby you taking my scrutiny out with the fireworks
This isn't new to me
Damn baby come drop off the roof with me
Live up your youth with me
Before they shootin' me
With all their cameras and bullets
I swear I'm the man up in France with the hooligans
Yeah, I'm up with sanopy, you do not answer me
I'm in the canopy
Livin' my life like a fantasy
Sleep with the girl like my dreams on the weeks
So I sleep and I see my reality
Battle me, that's your fatality
Actually I'm a catastrophe
Go to your school and they ask for me
I'm in your class making cash
And we're fruity like passion
It's burning like ashes
We had to just make ish happen
He's rappin' again
He's snappin' again
It happened my friends
I'm back with the Benz
And I know you jokers stay pissed
So I had to make you pre-exist
