

Borrowed Time

GG Allin

 Livin' on the streets
 I ain't got a dime
 People look at me and say
I'm livin' on borrowed time Everything I own
 Isn't worth a dime
 Spend all my time
And my money getting' high I don't really care
 About what people say and do
 I live my life
By my own set of rules Everything I do
 I'm livin' just to die
 I'm livin' by the laws
 Of a gun and a knife
Within the perimeter of this world
 I just don't feel real right
 I'm livin' by the laws
Of a gun and a knife My soul cannot be tamed
 I'm livin' just to die
 I'm living by myself
On the outskirts of life Everything I say
 Is for the make
 I don't need no work
Cause I'm stealin' everything I hustle for my keep
 I steal for my pay
 Everything I do
 Is what I do today
 I'm comin' round
 Take what I can take
 (???)
But she's gonna be mine today My soul cannot be tamed
 Cause I'm livin' just to die
 I'm livin' by myself
On the outskirts of life My soul cannot be tamed
 I'm livin' just to die
 I'm livin' by myself
On the outskirts of life Around around and down
 Live from state to state
 I don't know where I'll be
From day to day I'm on the road

Never slowin' down
Don't stop for nothin'
For my feet get hit the ground I'm singin' with my gun
And I'm runnin' with the best
I don't care about nothin'
Cause I only care myself Everything I do
Is what I wanna try
But I'm livin' by myself
On the outskirts of life With a gun and knife
That's all I need
I kiss that sweet knife
And I take her where I need
