

# Vampire Lake

## The Builders and The Butchers

Oh, vampire lake  
Teach me everything I need to know  
If a place a hundred miles beneath the surface is a place that I call home  
And it takes a bite on me  
To resurrect my bodyOh, vampire lake  
Where sixteen vampires are hiding from the sun  
And a cold talkin' wind  
And a single silver bullet from a gun  
And it takes a bite on me  
To resurrect my bodyI said it takes a bite on me  
To resurrect my bodyOh, vampire lake  
Where the chained and drowned will teach you how to breathe  
And you can walk across the land by moonlight  
And live eternallyAnd it takes a bite on me  
To resurrect my bodyI said your neck looks good to me  
I wanna reinvent your body  
Oh, vampire lake  
Teach me everything I need to know  
So I can walk amongst the living while the blood that's runnin' through my veins is cold  
And I'll take a look at my reflection and not see a goddamn thingI said your neck looks sweet and lovely  
To a vampire on the lake
