

# Angels Lullaby

[Michael Ruff](#)

Sleep, Starlight in your eyes  
In this quiet time  
Moonlight fills the sky  
Greens, soft as candlelight  
Everything is right  
Traveling through time

Morning sun will rise,  
Welcome you to the world again  
Darkness into light  
Oh how it feels as though  
I were never sleeping

Child, you're heaven in my eyes  
Glad to be alive  
When I look at you  
Sleep, starlight in your eyes  
In this quiet time  
Hear the angels lullaby

Morning sun will rise,  
Welcome you to the world again  
Darkness into light  
Oh how it feels as though  
I were never sleeping

Child, you're heaven in my eyes  
Glad to be alive  
Every time I look at you  
Sleep, starlight in your eyes  
In this quiet time  
Hear the angels lullaby
