

Negasonic Teenage Warhead

Monster Magnet

Saw your face last night on the tube
Strong, fine snake in a sucker's vacuum
15 clicks and it's time to say bye
15 trips and a love that won't die
Me and myself killed a world today
Me and myself got a world to save
Broadcast dead revolution don't pay
Strapped up freaks on the Lazarus plane
I can tell just by the climate
And I can tell just by the style
I was born and raised on Venus
And I may be here a while
Another supersonic jerkoff
Who plugs into your game
Is just like every subatomic genius
Who just invented pain
I will deny you, I will deny you baby
I will deny you, I will deny you baby
I will deny you, I will deny you baby
I will deny you, I will deny you baby
Yeah, yeah, wow
Oh baby, I'm lazy
Oh baby introduce me to God
Oh baby, I'm lady
Oh baby, set a place for the dog
For the dog, yeah oh
Shut me off 'cause I go crazy
With this planet in my hands
Shut me off 'cause I go crazy
With this planet in my hands
Shut me off 'cause I go crazy
With this planet in my hands
Shut me off 'cause I go crazy
With this planet in my hands
I can tell just by the climate
And I can tell just by the style
I was born and raised on Venus
And I may be here a while
Another supersonic jerkoff
Who plugs into your game
Is just like every subatomic genius
Who just invented pain
I will deny you, I will deny you baby
I will deny you, I will deny you baby
I will deny you, I will deny you baby
I will deny you, I will deny you baby
Yeah, yeah, yeah
