Higher

Sammy Wilk

I'll take ya higher
Ain't no limits when you are around
I'll take you higher
There's no reason for you to feel down
I'll take you higher
When you're lost in the clouds I'll be waiting right here
Just to find ya
I'll take you higherNo I'm all that you want and you're all that I need
Why you gotta come around and act like you don't need me
Playing games I've seen before
But now you feel me knocking at my door yeah
Tell me why ya feel so right
Middle of the morn from late last night
Matter what you're wearing, nobody's compared to you
That's why I'm feeling you
Ooh yeahI don't wanna waste no time
Been searchin' all my life
I'm tryna make you mine
If you give me a tryI'll take ya higher
Ain't no limits when you are around
I'll take ya higher
There's no reason for you to feel down
I'll take you higher
When you're lost in the clouds I'll be waiting right here
Just to find ya
I'll take you higherHigher and higher
And uh oh oh
Higher and higher
And up we go
Higher and higher
And uh oh oh
Higher and higher
And up we goI'll take you higher than you ever been
Travel to the Netherlands
Smoke up on a spliff, sit back
Listen what the ocean says
Waves crashin' like I crash for you
Why you actin' mad that I came right back for you
Oh God

Now you turn around, actin' interested
Like you into it
And uh, I don't wanna say it's too late
Like russian roulette
But you're done
BangI don't wanna waste no time
Been searchin' all my life
I'm tryna make you mine
If you give me a tryI'll take ya higher
Ain't no limits when you are around
I'll take ya higher
There's no reason for you to feel down
I'll take you higher
When you're lost in the clouds I'll be waiting right here
Just to find ya
I'll take you higherHigher and higher
And uh oh oh
Higher and higher
And up we go
Higher and higher
And uh oh oh
Higher and higher
And up we go
Higher and higher
And uh oh oh
Higher and higher
And up we go
Higher and higher
And uh oh oh
Higher and higher
And up we go
