

One Eye Dollar

Clutch

I been working, one eye dollar
Bye and bye, Lord, bye and bye
I been working, one eye dollar
Bye and bye, Lord, bye and bye
I got the plans to the Oval Office
Bye and bye, Lord, bye and bye
I got the plans in my front pocket
Bye and bye, Lord, bye and bye
In the inner chambers of the President
You will find no crosses, only pentagrams

Beelzebub and business suits
On the hot line, all right
I been working, one eye dollar
Bye and bye, Lord, bye and bye
I been working, one eye dollar
Bye and bye, Lord, bye and bye
I been working like a pack mule every day
And to think that some of it ends up that way
