In Orbit (Track Commentary)

Evergrey

I'm caught here in this vacuum.
I'm fallen from a sunless sky.
I've red myself from value.
And leave this emptiness behind.
So I run, before it's over.
I run, but still I belive, it seems.
I run, but not getting closer.
I run, to get away from this dream.
(Floor Jansen)
I've been watching you from a distance.
I've been monitoring you from cloudless skies.
I've been calling your name just to ease your resistance.
But nothing seems to shift your darkened sky.
I run, before it's over.
I run, but still I belive, it seems.
I run, but not getting closer.
I run, to get away from this dream.
I'm an orbit, stars exploding, when I call your name.
Here in the dark I'm lonely.
You're my compass, the only reason to stay.
(Solo)
I run, before it's over.
I run, but still I believe, it seems.
I run, but not getting closer.
And I run, to get away from this dream.
I run, but not getting closer.
I run, but still I believe, it seems
RUN!
