

# Still In Love With You

Travis Tritt

Tell me why do you love to make me cry  
Is there a reason why you treat me so unkind  
It seems you try to hurt me with everything you do  
I guess you could call me crazy 'cause I'm still in love with you  
Tell me why is your heart as cold as ice  
Oh is there a demon hidden just behind your eyes  
Well I dream someday you'll love me but that dream just don't come true  
But that don't keep me from wishin' 'cause I'm still in love with you  
There was a time I thought my love would  
set you free  
But now you say all that's binding you is me  
How can that be  
Tell me why do I go on believing your lies  
And why every time you hurt me that I'm always so surprised  
I know that I should give up, find somebody new  
But it's a hopeless situation 'cause I'm still in love with you  
Girl there was a time I thought my love would set  
you free  
But now you say all that's binding you is me  
Girl how can that be  
Tell me why do I go on believing your lies  
And why every time you hurt me that I'm always so surprised  
I know that I should give up, find somebody new  
But it's a hopeless situation 'cause I'm still in love with you  
Oh girl still in love with you  
'Cause I'm still in love with you
