

White People (Scene)

Logic

Yeah, then the bitch said "use a condom", and I said "baby, there's like 10 people left in existence, fuck does it matter?" You didn't say that Man, yes I did No, you didn't I'm a grown ass man, what? I'ma lie to you? I'ma lie? Alright, maybe I just thought it, but damn, she was just so butt naked I'd wrap up with a trash bag just to get it, you know what I'm saying? Guys, we seem to be approaching another ship

What? Impossible How far?

32 kilometers

Shit. HQ this is pilot Quentin Thomas, accompanied by my first man in charge of infantry William Kai of the Aquarius 3, come in, over HQ here. What is it, Thomas? My program has just informed me and my partner of another ship that's now 31 kilometers out: Did you just say another ship? Yeah, that's what he said, another fuckin' ship in the middle of space, man I've gathered information from the ship's motherboard Engage the ship What? Copy I'm receiving audio embedded in the ship's distress signal Man, why white people always gotta go investigating shit, man Shut up Kai - Thalia, play that message You got it

This is Captain Christopher Smith of the Aquarius 1. The year is 2093. Time unknown. The entire crew is dead, and I fear these are my last hours. Whatever you do, do not come knocking

Aw, hell nah, we gotta get the fuck outta here man HQ, engagement is a no go, permission of the Aquarius 3 to push through to Paradise? Permission granted

Man thank God
