

The Missing Link

Napalm Death

And integral sense
Comes with belonging to a scene
Supposedly absent of barriers
(When sexism is one of many) Earnest words
Calling for unity of the sexes
When she's still the chick or stupid bitch
(Ridiculed for showing an interest) Hidden indifference
Strikes an emotion reaction
When you see an animal being abused Yet unnoticed when a woman
Is abused in the same way The links of oppression
Stem from the same degradation
But one our eyes are closed Actively abusing the rights of one
Whilst fighting for those of another The scene may hold a different name
But the role plays just the same
Equal rights are fine
As long as she's in her place Outrightly denouncing fascism
Whilst oblivious to it taking place
Is condemnation of standards
All an act of save face Unity a stark ambition
When our abuse surpasses recognition
