

Destroy Everything You Touch (Hot Chip Remix)

Ladytron

Destroy everything you touch today
Destroy me this way
Anything that may desert you
So it cannot hurt you You only have to look behind you
At who's underlined you
Destroy everything you touch today
Destroy me this way Everything you touch you don't feel
Do not know what you steal
Shakes your hand
Takes your gun
Walks you out of the sun What you touch do not feel
Do not know what you steal
Destroy everything you touch today
Please destroy me this way Destroy everything you touch today
Destroy me this way
Anything that may delay you
Might just save you You only have to look behind you
At who's underlined you
Destroy everything you touch today
Destroy me this way Everything you touch you don't feel
Do not know what you steal
Shakes your hand
Takes your gun
Walks you out of the sun Once you touch do not feel
Do not know what you steal
Destroy everything you touch today
Please destroy me this way Everything you touch you don't feel
Do not know what you steal
Shakes your hand
Takes your gun
Walks you out of the sun Once you touch you don't feel
Do not know what you steal
Destroy everything you touch today
Please destroy me this way Everything you touch you don't feel
Do not know what you steal
Shakes your hand
Takes your gun
Walks you out of the sun What you touch you don't feel
Do not know what you steal

Destroy everything you touch today
Please destroy me this way
