

My Brother's Keeper

K-Ci & JoJo

Mm, Jojo, you're my brother Can I talk to my brother for a minute yall?

Now Jojo, we didn't see it all, did it all, done it all

Yes we had, back against the wall,

Standing in the middle with the cross ..

In and out of trouble, I was still here only Lord knows, We don't walk through the fire at my lowest moment,

When the party's over you was there for me

When nothing really work it, my soul's out to hurt it,

That throw we were over you was there for me And I'm my brothers keeper, yes I am

And I'm my brothers keeper, yes I am

So ? to tell me,

And I'm my brothers keeper, yes I am

Yeah, I'm my brothers keeper, yes I am

I'm my brothers keeper, yes I am

Yeah! Now can I talk with my brother for a minute, that's right

Now KCI we didn't see it, we did it, we didn't run it all

Now baby mama come up, we have life on the .. of the show

Between money and the fame, women in the game

Now how we're still here only God knows When I walk through the fire, at my lowest moment,

When the party's over you was there for me

When nothing really work it, my soul's out to hurt it,

That throw we were over you was there for me And I'm my brothers keeper, yes I am

And I'm my brothers keeper, yes I am

And I'm my brothers keeper, yes I am

Yeah, I'm my brothers keeper, yes I am

I'm my brothers keeper, yes I am

Yeah! You know

You're my brother

Nothing like

You're my brother

Thank you

I love you, I love you 'cause I love you And I'm my brothers keeper, yes I am

And I'm my brothers keeper, yes I am

And I'm my brothers keeper, yes I am

Yeah, I'm my brothers keeper, yes I am

I'm my brothers keeper, yes I am

Yeah! Call away, got it away, yes we do

In and out of trouble, mom and daddy we're sorry

Weepings, like you're for schooling And I'm my brothers keeper, yes I am

And I'm my brothers keeper, yes I am

And I'm my brothers keeper, yes I am
Yeah, I'm my brothers keeper, yes I am
I'm my brothers keeper, yes I am
Yeah!
