What It's All About

Closure

So this is what it's all about
I just had to let you know
'Cause you've always got me tripping out
And the down is way too low
Well you never really understood me
So I had to let you go
We started off as something good
I ended up misunderstood
Now I'm always on shaky ground
You were never open to all of me
This is only half of what you see
Now you're always shutting me down
And I'm not sleeping at night
'Cause I keep thinking of what you said
You wouldn't rearrange me
Get it straight, get it straight or get out
And I'm not sleeping at night
'Cause I keep thinking of what you said
I finally realized the only thing is the end
So this is what it's all about
I just had to let you know
'Cause you've always got me tripping out
And the down is way too low
Well you never really listened to me
So I had to let you go
