The Secret (feat. Sarah Brightman)

Sash!

There's a secret 'bout your love
That always keeps me thinking of
How we ease each others painOnly when I feel you near
You take away my deepest fearYou put a spell on my heart
But I am not calling for any redemptionAnd the secret still remains
And I want you not to reveal
How you make feel
How I have been touched by your loveSo you keep the key
And I keep on playing my part
Not knowing the game
And the secret will remainThese thoughts they haunt me every night
Visions covering my mind
Cause I know you can't be farJust the thought that you are mine
Makes cold wind shiver down my spineYou put a spell on my heart
But I am not calling for any redemptionAnd the secret still remains
And I want you not to reveal
How you make feel
How I have been touched by your loveSo you keep the key
And I keep on playing my part
Not knowing the game
And the secret will remainAnd the secret will remain
