

# Friends With Benefits

Tory Lanez

[Hook]

I wanna get them drugs from ya  
Tonight I'm goin' hard for ya  
Tonight she takin' all of me yeah  
Fargo

I wanna get them drugs from ya  
Speedin' from the law for ya  
We fuck like friends with benefits  
I wanna get them drugs from ya  
Tonight I'm goin' hard for ya  
Tonight she takin' all of me yeah  
Fargo

I wanna get them drugs from ya  
Speedin' from the law for ya  
We fuck like friends with benefits[Post-Hook]

All night, all night  
Put your hands high, hands high  
Screamin' for them girls, for them girls  
On the other side, other side  
I know that you'll know all night, all night  
Put your hands high, hands high  
Screamin' for them girls, for them girls  
On the other side, other side

[Verse 1]

Ooo when you gettin' off work late, well it's okay  
It's gettin'â€™

Ooo, you callin' all your friends  
To get them ready cause you getâ€™  
So much Indica, so much indoor smoke  
It's hard to breathe

You don't get this turnt all that usually  
But today[Refrain]

I just landed in Mâ€™Iâ€™A  
And she just fuckin' up and jet  
Got a nigga, she don't gotta sweat  
It's sad I know, I gotta say

[?] beach now

From LA I gotta leave now  
Just let me pop it 'fore I gotta jet

Girl, you got somethin' I just gotta get[Hook]  
I wanna get them drugs from ya  
Tonight I'm goin' hard for ya  
Tonight she takin' all of me, yeah  
Fargo  
I wanna get them drugs from ya  
Speedin' from the law for ya  
We fuck like friends with benefits[Post-Hook]  
All night, all night  
Put your hands high, hands high  
Screamin' for them girls, for them girls  
On the other side, other side  
I know that you'll [?] all night, all night  
Put your hands high, hands high  
Screamin' for them girls, for them girls  
On the other side, other side[Verse 2]  
Ooo you always get me lit, that late, late night  
Cause you getâ€™ yeah, how you  
Leave the house party without your friends  
Just to getâ€™  
So much Indica, so much indoor smoke  
[?] wretch  
Said I got this feelin', and this shit feel great  
So fuck what they say[Refrain]  
I just landed in Mâ€™Iâ€™A  
And she just fuckin' up and jet  
Got a nigga, she don't gotta sweat  
It's sad I know, I gotta say  
[?] beach now  
From LA I gotta leave now  
Just let me pop it 'fore I gotta jet  
Girl, you got somethin' I just gotta get[Bridge]  
I can't just let you go  
You're all that's on my mind  
I wasted time I know  
Wish I could just rewind  
While I was gone you laugh  
Gone away for good  
Least you could'a done was let me know  
Cause I misunderstood  
This time I waited so long  
This time my feelin' so strong  
Anticipated so long  
There's only one thing I want[Hook]  
I wanna get them drugs from ya

Tonight I'm goin' hard for ya  
Tonight she takin' all of me yeah  
Fargo  
I wanna get them drugs from ya  
Speedin' from the law for ya  
We fuck like friends with benefits
