I Just Want It All

Kid Ink

I-I-I just want it all
Money and the cars right
I don't wear a tie but they say I live the boss life
I-I-Just want it all
Pullin a bad bitch, way back then
Thought that we would never have this
I just want it all ALL all ALL all (etc...)I just want it all, high above the law
Kill them so cool you can call me Mr. Frost
Come and find me where the money is, ever feeling lost?
I just wanna ball so sick of playin toss
I remember back then I had a dream since then
I've been sleep walking all-all-all the ups and downs I was sea-sawing
Only made me strong like steroids
Game time bout to serve these niggas like a bell boy
Tell them that it's over (over)
Finito
I can make it bump bump bump like a mosquito
It's just all in my stylo (stee-lo)
And my pockets are the only thing bigger than my ego.I-I-I just want it all
Money and the cars right
I don't wear a tie but they say I live the boss life
I-I-Just want it all
Pool and a bad bitch, way back then
Thought that we would never have this
I just want it all ALL all ALL all (etc...)I don't wanna stall, I would never leave means
I don't wanna fall, no matter the cause
I-I-I'm all in till the coffin
Kush coughin nicer than your concience
Finally everywhere u wanna be moving high velocity
Driving irresponsibly but I think u should come
And take a ride see the world through my eyes
Everyday is a surprise
So I party like my birthday
LA is my birthplace
First place, west side loud as a I wanna be
There's sleeping on me, now they are in the fetal
Yeah I'm nito everythings in tuxedo.I-I-I just want it all
Money and the cars right
I don't wear a tie but they say I live the boss life

I-I-Just want it all
Pool and a a bad bitch, way back then
Thought that we would never have this
I just want it all ALL all ALL all [repeats]I just want it all
I-I just want it all
I just want it all ah ah all
I deserve it all
we we been workin hard
you aint gotta give it to me i take it from yah
