Sure As Hell Not Jesus (Radio Edit)

Cosmo Jarvis

Here I sit
If I didn't need nobody, I'd thank God for it
There'd be nothing there to stop me getting on with it
It'd be me and my brain
And my pain
And my shame
I guess I do
This carpark's only got one space and it's for you
Alone can show an ugly face, so pull me through
To where I won't need a light
To see at night
Cos I'll be alright
[Chorus:]
You're as hell not Jesus but you're saving me
Thank you very much for putting faith in me
Reminding me a light was once so great to be
I'm glad I made a friend that doesn't pray for me
Here I wait
For something bad and saddening to draw my way
I'll fight to give it everything, and lose I may
But I still got you somewhere
If just upstairs
Maybe I care
Guess I am
No big and strong Goliath, I'm a wandering man
And sometimes I get tired and I'm glad a hand
Comes and slaps me and then
It goes again
I guess you're my friend
[Chorus:]
You're sure as hell not Jesus but you're saving me
Thank you very much for putting faith in me
Reminding me a light was once so great to be
I'm glad I made a friend that doesn't pray for me
So thanks, my little angel
(Thank you too)
For watching over me
She says she's gonna break my nose
If I don't behave next weekYou're sure as hell not Jesus but you're saving me

Saving me (x7)
I'm glad I made a friend that doesn't pray for me
