Cold War With You

Willie Nelson

The sun goes down and leaves me sad and blue
The iron curtain falls on this cold war with you
For you won't speak and I won't speak it's true
Two stubborn people with this cold war to go through
Why oh why should love ever come to couples like you and me?
Whose cold cold wars are never won
And whose hearts just can't be free

So let's make up or let's just say we're through
I just can't stand another cold cold war with you
Why oh why should love ever come to couples like you and me?
Whose cold cold wars are never done
And whose hearts just can't be free
Or let's do that or let's just say we're through
I just can't stand another cold cold war with you
I just can't stand another cold cold war with you
