# Dreaming (Interlude) [feat. Racheal Ofori]

## Alfa Mist

But,
Set me ablaze because,
Iâ€™m gonna glow
And how do I know?
Because itâ€™s oh so tangible
And this is why I lay here
In the dead of the dark
I donâ€™t fear a nightmare
You ever heard that remark?
Breathless but these keep me breathing
And it might read that Iâ€™m seething because my chest is heaving
And Iâ€™m not sure of lifeâ€™s meaning but fuck the odds, â€˜cause Iâ€™m believing
As Iâ€™m awake
Because Iâ€™m dreaming
