

# American Way (feat. Kelis)

Nas

Political, "Recently there has been an emergence of  
Socially conscious and political rappers  
It seems to be a new trend in the Hip-Hop world"Nas is a rebel to America  
Nas is a rebel to America  
Nas is a rebel to AmericaYeah, check it, uh, spot build-rocker, lil' papa killed Hoffa  
Beard lil' longer, feel strong enough stop ya  
Drill sergeant, still thorough, wheelbarrows of distilled vodka  
Get me real bonkers like Will FerrellOn cat tranquilizer rap guys get bank  
And think they messiahs, but they liars  
Vote fo who now? You're red, white and blue  
I'm American too, but I ain't with the President's crewWhat you peddlin' and who you peddlin' to?  
You ain't got the ghetto with you  
Try'na lead my sheep to the slaughterhouse  
Talkin' 'bout Rap the Vote, you ain't thought aboutThe black vote mean Nathan  
Who you gonna elect, Satan or Satan?  
In the hood, nothin' is changin', uh  
We ain't got no choicesWho to choose, ten years ago they were tryin' to stop our voices  
And end Hip-Hop, they some hypocrites  
Condoleeza Rice, I don't really get this chickTell her if she ever really cared about poor schools  
About poor children  
Then she gotta prove  
That she ain't just another coon Uncle Tom foolLike these MC's, gotta give 'em the rules  
Lie to the youth, Uncle Tom, you confused  
Might as well give the Hip-Hop community a nooseNeed a truce with the gangs and some food for the hungry  
On Kerry nuts, he look at you like a monkey  
You MC's on that old slavery path  
The Bushs'll look at yo' ass and laughSee, it's all about community, let's help ourselves  
Cops brutalize us, get dealt with with shells  
It's our turn, it's 'bout time we win  
Need somebody from the hood as my councilman, uhYeah, I think about this everyday, that's the American  
Way, shit  
Yeah, I think about this everyday, that's the American Way, shit  
(Cause that's the American way)  
Yeah, I think about this everyday, that's the American Way, shit  
Yeah, I think about this everyday, that's the American WayUp in the steam room chillin', ex foliating the skin  
It's rarely men conversatin' on ends, probably businessmen  
I sense good taste, and they watch us, the spot's an expensive place  
Manhattan, New York, I'm try'na keep steamin', it's good for the lungsHad plans for the evenin', this man  
leans in, his boy's laughin'

Now I'm the spokesperson for Black men  
This always happens since all Black women care about is  
Who got dough and all we do is call them either bitch or a Black hoeI say first brotha, you ain't gotta be that  
cold  
Since you ignorant, I'ma show you how the facts go  
The biggest example in scandal of history  
Were Monica Lewinsky or Donald Trump's pimpin' spreeMost woman who love Jeevanji of Gucci  
Are pretentious non-Black groupies or floozies  
But who are we to blame, not the dames  
It's a man-made game, in all essence, our woman the sameBeautiful creatures, black girls birthed the earth  
So they deserve to earn man's purse  
Matter fact, I'm about to go shoppin' with my dime  
Catch you cowards the next time, next rhyme, uhYeah, I think about this everyday, that's the American Way,  
shit  
(That's the American way)  
Yeah, I think about this everyday, that's the American Way, shit  
(Cause that's the American way)Yeah, I think about this everyday, that's the American Way, shit  
(What up, K? That's the American way)  
Yeah, I think about this everyday, that's the American Way  
(Ha, yeah)I don't care about the runaways, I don't care about who's gay  
I don't care about the dyin' of AIDS, but I care if I got paid  
Who even cares about the President, I think we're makin' a mistake  
I don't care about the hurricane as long as my baby's safe  
I don't care about the candidates, they burnt this country into bitsYeah, I think about this everyday, that's the  
American Way  
Can we make a change, you know it's not overnight  
Let's start the fight  
(And ya don't stop, uh)  
Can we make a change, you know it's not overnight  
Let's start the fightYeah, I think about this everyday, that's the American Way  
Nas is a rebel to America
