High Life

Trapdoor Social

Hot waste of a Sundayâ€¨
Your body down beside meâ€¨
Now I'm blind to the right wayâ€¨
This'll never be a mistakeâ€¨â€¨
I'm either flying through the ceiling
Or I'm feening for the feelingâ€¨
But I'm wishing you'd repeat me
â€¨When I say I love you baby
â€¨â€¨Like my vision of the high life
â€¨Fight night hold me down ringside
Light eyes, tell me that I'm alrightâ€¨
White lies, but I'll believe you this timeâ€¨â€¨
Pour it all down the drainâ€¨
It all comes out the sameâ€¨
My heart has gone insaneâ€¨
And I know before you sayâ€¨â€¨Chorus
â€¨I can't believe it's over I,
I built my life around having you by my side
â€¨Now it feels like I'm drifting in space
â€¨I'm looking around and it's all out of place
You send me flailing towards the ground
There's got to be more than you're telling me now
I don't have a glimpse yet of why
All the lights have burned out and I'm so terrifiedâ€¨â€¨You weren't meant for me, clearly
â€¨Life was too easy anywayâ€¨
You swore you'd never leave me
â€¨But it's just what I needed
â€¨â€¨It's gonna send me reelingâ€¨
And I know you didn't mean it
â€¨Cuz who would wanna repayâ€¨
The pain that you owe meLike my vision of the high lifeâ€¨
Fight night hold me down ringsideâ€¨
Light eyes, tell me that I'm alrightâ€¨
White lies, but I'll believe you this time â€¨â€¨
Run out and face the skyâ€¨
A storm as dark as night
â€¨All smoke and ash and fireâ€¨
It'll kindle something bright
