

# Nothing Arrived

## Villagers

Savannah scatters and the seabird sings  
So why should we fear what travel brings?  
What were we hoping to get out of this?  
Some kind of momentary bliss? I waited for something, and something died  
So I waited for nothing, and nothing arrived It's our dearest ally, it's our closest friend  
It's our darkest blackout, it's our final end  
My dear sweet nothing, let's start anew  
From here on in it's just me and you I waited for something, and something died  
So I waited for nothing, and nothing arrived Well, I guess it's over  
I guess it's begun  
It's a loser's table, but we've already won  
It's a funny battle, it's a constant game  
I guess I was busy when nothing came I guess I was busy...  
(When nothing arrived)  
I guess I was busy...  
(When nothing arrived)  
I guess I was busy...  
(And nothing arrived)  
I guess I was busy... I waited for something, and something died  
So I waited for nothing, and nothing arrived  
I waited for something, and something died  
So I waited for nothing, and nothing arrived  
Nothing arrived
