

Candles

Colour of Fire

You're going down and it feels good
But you ain't wearing what you should
 All the people that you've had
 The time is over
 Count your blessings, count the times
You forgot their names commit the crimes, yeah
 All the people that you've had
 The time is over
 Oh, it's time to make amends
You've been burning the candle at both ends
 Oh, it's time to make amends
You've been burning the candle at both ends
 Oh, it's time to make amends
You've been burning the candle at both ends
