[Intro: DJ Drama]

Haha, back at it

Baby, I'mma make a wish and I want you to make one

Nah, don't tell me that, we can talk 'bout that later

DJ Drama[Verse 1: Chris Brown]

I ain't like them other niggas, you see that I'm different, I creep on the late night and stay on a mission

Got all types of different bitches, pussy wet and dripping, I been like sipping

I eat the pussy with precision, 6 rings, Jordan, Pippen

I do gymnastics with the brick and flip it, money to the ceiling, no I ain't tripping

No conversation, these niggas bitches be texting, they sending emojis but no I don't say shit

He try to hang with the homies but tell on the gang, boy you a straight bitch

And now your girl coming over give me that booty, know it's amazing

Loving these bitches, got into trouble with bitches, can't fuck with these bitches[Hook: Chris Brown]

Baby you know who I am and girl I know just who you are

We ain't gotta rush into shit cause being in love is too hard

I'm tired of all these flashing lights, girl we should just fuck in the dark

Once you let me in it, I'mma get to switching, different positions

Have that ass wishing that I was your nigga

Wishing that I was your nigga, yeah yeah yeah

Wishing that I was your nigga, yeah

Once you let me in it, I'mma get to switching, different positions

Have that ass wishing that I was your nigga[Verse 2: LyQuin]

I know you got niggas, why you wanna be mine? On your tippy toes when I hit her from behind

Oh my God, shawty I ain't even lying but you know 'bout me, 'bout me

Playing with the D girl, have you in the zone, make a movie how you climaxing in my phone

Got that Nia Long, know you gotta a little Jones for me

Now you after that, ride on this dick 'til you crash in that

Flipping and turning you up in the air like an acrobat

Turn on the camera, this movie we making is action packed

Safe sex is great sex, let's a rap, Quin[Hook: Chris Brown]
