

# Just Right

Ryan Leslie

Yeah, gotta love this  
NS, for real  
Just rock with it like  
Uh huh, uh huh, huh, yeah  
It ain't a thing, mama, anything  
You need from me baby, please take this ring  
It's like braille, girl, the way I feel  
It's something that I can't conceal  
For sure you're my light personified  
Myself I can only try  
To measure your shine on an earthly scale  
Everything else is pale compared to you  
Baby, you're my cure, you're my remedy  
So sincere and pure, said I'll never leave  
I'll stay by your side, for eternity  
'Til the day I die, babe  
Said you're my cure, you're my remedy  
So sincere and pure, said I'll never leave  
I'll stay by your side, for eternity  
'Til the day I die because  
Baby, you're just right for me  
You're just right for me, babe  
I'm just right for you  
And I just wanna share your life  
Come and share your life with me  
Share your life with me, babe  
And I'll share my life with you  
And I'll share my life with you, girl  
Anything that I may have  
Anything that I'm blessed to grab  
I'll split it in half for your tender touch  
Your loving, girl, it means so much  
I'll love you in style on a sun drenched isle  
After we go down the aisle  
You're the thrill in my life, our love is amplified  
The type that only God provides  
And it comes from you  
Baby, you're my cure, you're my remedy  
So sincere and pure, said I'll never leave

I'll stay by your side, for eternity  
'Til the day I die, oh yeah  
Said you're my cure, you're my remedy  
So sincere and pure, said I'll never leave  
I'll stay by your side, for eternity  
'Til the day I say bye bye  
Baby, you're just right for me  
You're just right for me, babe  
I'm just right for you  
And I just wanna share your life  
Come and share your life with me  
Share your life with me, babe  
And I'll share my life with you  
And I'll share my life with you, girl  
And if it's love you need  
I'll give it to you, baby  
And if you want the world on a platter  
I'll give it to you, ba-baby  
Said if it's up to me  
I'll give it to you, baby  
Anything you need it don't matter  
I'll give it to you, ba-baby  
Baby, you're my cure, you're my remedy  
So sincere and pure, said I'll never leave  
I'll stay by your side, for eternity  
'Til the day I die, oh yeah  
Said you're my cure, you're my remedy  
So sincere and pure, said I'll never leave  
I'll stay by your side, for eternity  
'Til the day I die  
Baby, you're just right for me  
You're just right for me, babe  
I'm just right for you  
Baby, come and share your life  
Come and share your life with me  
Share your life with me, babe  
And I'll share my life with you  
Said I'll share my life with you  
Baby, you're just right for me  
I'm just right for you  
Come and share your life with me  
And I'll share my life with you
