Young Stars

The Struts

I never gave up, I never gave in
I kept on running 'cause I knew I'd win
'Cause I was born for it, I was ready to goWhatever blew up, whatever caved in
Said I'm never gonna let it get under my skin
Because I just want you to, I just want you to knowThat I've been riding the wave
But boy I've paid my dues
Now I'm here on the stage breaking the newsOh young star you're famous
You strut around shameless
We love you, don't hate us
'Cause you won't forget usYoung star you're ageless
You're so loud, outrageous
We need you, don't hate us
(Hey young star)
'Cause you won't forget usYou got nothing to lose, all to gain
And nothing worth doing if it don't 'cause pain
Because I was born for it, I just want you to know, oh oh oh(Hey!) whenever you fall, whenever you cry
Remember that it's you and me until we die
Because I just want you to, I just want you to knowThat I've been riding this wave
But man I've paid my dues
Now I'm here on the stage breaking the newsOh young star you're famous
You strut around shameless
We love you, don't hate us
(Yeah, you know) 'cause you won't forget usYoung star you're ageless
You're so loud, outrageous
We need you, don't hate us
'Cause you won't forget usHey young star
You know you're famous (you're famous)
I wanna hear ya
Say it to me
I never gave up
I never gave inYoung star you're famous
You strut around shameless
We love you, don't hate us
'Cause you won't forget usOh young star you're famous
You strut around shameless
We love you, don't hate us
'Cause you won't forget usYoung star you're ageless
You're so loud, outrageous
We need you, don't hate us

'Cause you won't forget us
