

# Hold On (feat. Thabo & George The Poet)

## Idris Elba

Tomorrow's another day  
So much here left to change  
Change  
These walls are just make believe  
They'll cause you to doubt your dreams  
Dreams

I said  
Hold on  
Hold on  
Hold on  
Nothing's up with you

Hold on  
Hold on  
Hold on  
Nothing's up with you

I've been waiting  
I've been waiting for you  
We've been waiting for you  
Have faith in this moment  
Stand and show who you are

When nothing seems positive  
Remember you're more than this  
This  
And no matter the cause of it  
This pain is not open yet  
Yet

I said  
Hold on  
Hold on  
Hold on  
Nothing's up with you

Hold on  
Hold on  
Hold on

Nothing's up with you

I've been waiting or you  
We've been waiting for you  
Have faith in this moment  
Stand and show who you are

You can't call it faith  
If you only believe when it's safe  
Well it's the part your mouth need to negate  
They're not the only ones that need an escape  
I know  
I know you're sick of the grind  
But hold on  
You lay one brick a time  
And you're not someone they can shove aside  
So I'll see you on the other side  
On the other side  
Don't cry for your son  
You're raising a soldier  
He can't learn from the pain till it's over  
Your baby girl will be an amazing achiever  
Don't cry for her  
You're raising a leader

Oh, don't you cry  
Oh, don't you cry
