

# Square One

Jessie J

[Verse 1]

Roll the dice, double two  
No more us, no me and you  
What a struggle, I took a risk  
Another life, another kiss  
I start again, it keeps going  
We're best friends, not even knowing  
I win the race and then i fall  
I gave it up, to have it all[Pre 1]  
We let go of love so we can go again  
We don't hesitate to let somebody in  
To build a home just to get lost (hey)  
We fire it up just to burn it off[Chorus 1]  
I don't wanna hold hands with a stranger  
I don't wanna walk when I just learnt how to run  
I don't wanna care 'coz it's human nature  
I don't wanna go go go go back to square one[Hook 1]  
Said she don't go wanna go back to square one  
I just wanna be the one[Verse 2]

In the dark, it's brand new  
You're teaching me, I'm teaching you  
Imagination, i wanna please  
But I'm tired, of the tease  
Give me substance, I need soul  
Not just a moment, to come and go  
It's not simple, it never is  
Another life, another kiss[Pre 2]  
We let go of love so we can go again  
We don't hesitate to let somebody in  
To build a home just to get lost (hey)  
We fire it up just to burn it off[Chorus 2]  
I don't wanna hold hands with a stranger  
I don't wanna walk when I just learnt how to run  
I don't wanna care 'coz it's human nature  
I don't wanna go go go go back to square one  
Don't take me back now[Hook 2]

Said she don't wanna go go back to square one, she just wanna find the one  
Someone that she needs she needs she needs  
(Everybody sing)

She don't wanna go go back to square one, she just wanna find the one  
Someone that she needs she needs she needs, Jessie[Chorus 3]  
I don't wanna hold hands with a stranger  
I don't wanna walk when I just learnt how to run  
I don't wanna care 'coz it's human nature  
I don't wanna go go go go[Chorus 4]  
I don't wanna hold hands with a stranger  
I don't wanna walk when I just learnt how to run  
I don't wanna care 'coz it's human nature  
I don't wanna go go go go back to square one  
Don't take me back now[Hook 3]  
Said she don't wanna go go back to square one  
She just wanna find the one  
Someone that she needs she needs she needs
