

# This World

## Selah Sue

stay u-uh  
stay e-ee  
oo ooh  
eh  
Let's go on -eh  
du  
I feel real danger,  
This world ain't simple,  
But im strong, I know how to get out  
And i'll find my way, cause  
cause it's love, real simple  
Thats how it works  
oo-oooh  
So won't you just give it up, cause you don't understand  
Big it up, but you don't understand  
-whispering-  
This world, this time  
I feel, explode  
And its really nice, but you don't understand  
So big it down, cause you don't understand  
-whispering-  
This world, this time  
I go for less  
Cause you don't understand, baby  
I feel its falling down,  
I know I'll catch it  
You crazy world, crazy world  
I feel real passionate  
You feel the sun comes down  
Make it shine eh  
You crazy world, crazy world e-ee  
oh ya-h  
d-uh  
I can see your fear, cause  
this world aint simple  
  
but I'm strong  
I know how to stay out  
and I'll find my way cause,

cause its love, its love,  
its love, its love,  
its love n'yee  
ooh ooh  
So won't you just give it up cause you don't understand  
Big it up cause you don't understand  
-whispering-  
This world, this time  
I feel, explode  
And it's really nice but you don't understand  
So big it down, cause you don't understand  
-whispering-  
This world, this time  
I go for less  
e-ee  
Cause you don't understand, baby  
I feel it's falling down  
I know I'll catch it  
You crazy world, crazy world ye-ee  
I feel real passionate  
You feel the sun come down  
I'll make it shine e-ee  
You crazy world, crazy world ye-ee  
I know  
I know  
Yea yea aaah  
I feel its falling down  
I know I'll catch it  
You crazy world, crazy world ye-ee  
I feel real passionate  
You feel the sun comes down  
I'll make it shine e-ee  
You crazy world, crazy world ye-ee  
Crazy world, crazy world ye-ee  
Crazy world, crazy world ye-ee
