Beautiful to Me

Bob Evans

go ahead, don't go
don't leave my open arms all warm
and go see I dont know if you're here for me
well look the afternoon is the only place where you and I belong
you're mine forever and a dayyou're beautiful, you're beautiful to me.
you're beautiful, you're beautiful to me.definately this cannot be all that you
have to offer love
when you're on your own
well look I fell in love
coz this world is way too big nowyou're beautiful you're beautiful to me.
you're beautiful you're beautiful to me.and it's a love love love that is here with mewell look the afternoon is
the only place where you and I belong
you're mine forever and a dayyou're beautiful, you're beautiful to me.
you're beautiful, you're beautiful to me.
you're beautiful, you're beautiful to me.
you're beautiful, you're beautiful to me.
